

Essential documents required to deliver a visa

- The official invitation document, “Protocole d’accueil”, original and copy. This document is indispensable as it is necessary to obtain your “Visa Scientifique” and your special residence permit for scientists.
- Valid passport, original and copy of the entire passport
- Birth certificate, original and copy
- Birth certificate translated into French by a licensed official translator
- 6 recent passport photos
- Proof of residence in your country, such as lease or rental receipt or a recent bill (tax, utility)
- Documentation of recent vaccinations
- Proof of Health Insurance from your country

If you are accompanied by your spouse or husband, you will require:

- valid passport, original and copy
- birth certificate, original and copy
- birth certificate translated into French by a licensed official translator
- marriage certificate, original and copy
- marriage certificate translated into French by a licensed official translator
- documentation of recent vaccinations

If you are accompanied by your children

- birth certificate(s), original and copy
- birth certificate(s) translated into French by a licensed official translator
- documentation of recent vaccinations
